

## **Retail Procurement Specialist - Consumer Electronics (2)**

These are newly created positions in response to International VAR establishing a domestic sourcing office supporting both their IT consulting practice as well as establishing a commercial retail electronics outlet.

This individual will drive strategic sourcing initiatives of retail procurement for consumer electronics, games, videos as well as services, laptops, etc. End customer use can be either through competitive bid or direct retail sales.

A background in consumer electronic procurement is required, working with licensing, warranty, product life cycles, product discontinuations, as well as providing input on stacking levels and strategic impact.

Requirements:

BS plus 3-5 years experience purchasing/sourcing electronics in a retail environment.

Location: Boston

Salary: \$70,000 - \$90,000 + bonus
